○Be in compliance with the laws and regulations of the country or region where the lighting design was planned or implemented.

○Do not infringe other patents, designs and intellectual property rights.

3. Points of Reviewing

○We will review from the viewpoints of originality, inventive step, impression, sociality, economic efficiency and so on.

4. Reviewing method

○The Design Committee of ALC is established in each of CJK, and we will review papers submitted in each country based on submitted papers and presentation content as well as "ALC paper Awards".

○Papers submitted from other than CJK will be subject to review by the conference host country of that year along with those of their own country.

○The Reviewing is done by scoring, and the design committee of each country determines each standard.

○Each country's design committee will recommend the best one to the organizing committee as a Design Award candidate after the reviewing.

5. Awarding

○After approval of the recommended items by the ALC Organizing Committee, 3 papers will be honored as "ALC Design Award".
